Subject: Drew Pond LLC Extension Request

Good Afternoon Barbara, Mr. Chairman and Members of the Barrington Planning Board,

On behalf of Drew Pond LLC (Drew Pond), Berry Surveying & Engineering (BS&E) requests a one year extension to allow the applicant additional time to satisfy the precedent conditions on the approval received. To date, we have filed for all of the required permitting for the project. We have received comments back from Alteration of Terrain, which will require some redesign of the drainage ponds. NHDOT has written back to the applicant, to which, we have responded, however have not received any further correspondence. The required community well is still being permitted.

In light of the current climate in which we live and operate, we do not expect that any of the permitting agencies are able to act in a swift manner. For this reason, we are asking for a one year extension.

Please feel free to reach out for additional information.

Christopher R. Berry
Principal, President
